

# MERGE

Don't just listen to music; listen to people

# OVERVIEW

- Review the tasks
- Show revised UI
- Demo
- Discuss prototyping tools

# TASKS

# SHARE MUSIC

## KEY CHANGES:

- Make it easier to search

# DISCOVER NEW MUSIC

## KEY CHANGES:

- Create an inbox
- Show recommendations on app open

# FORM NEW RELATIONSHIPS

## KEY CHANGES:

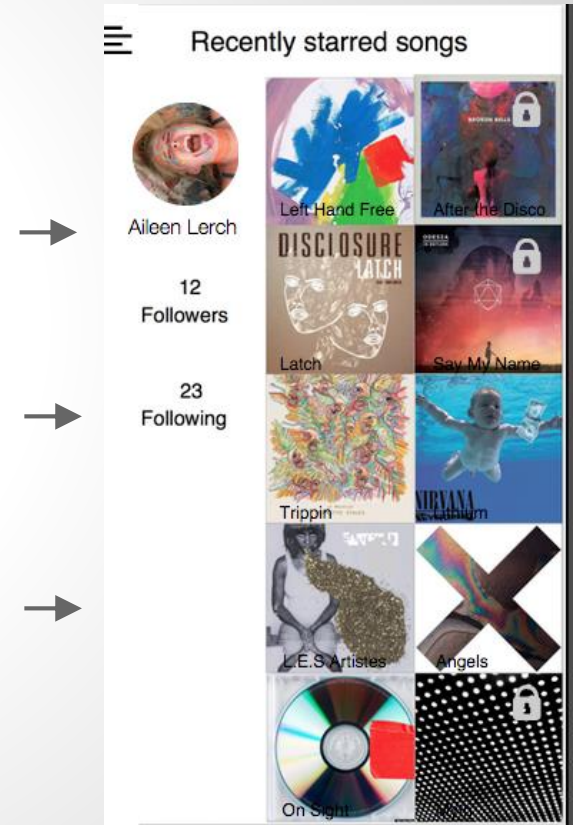

- Create an inbox
- Make the UI more clear

**REVISED UI**

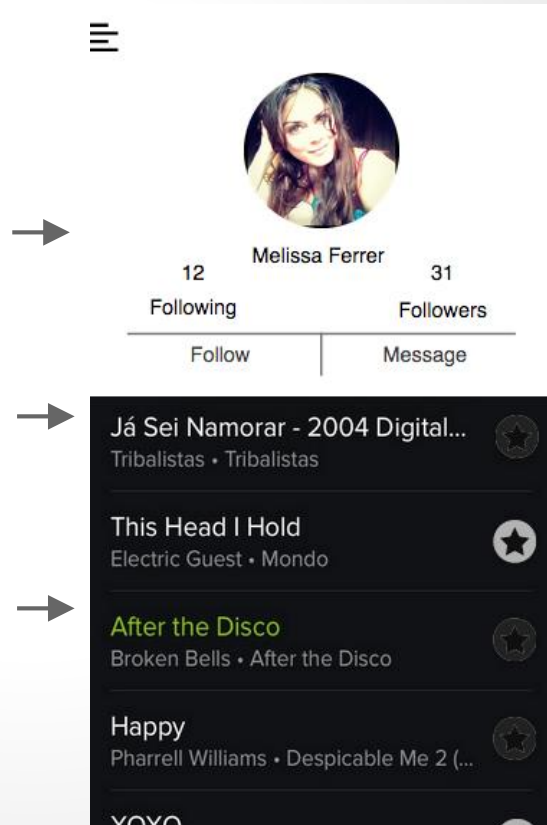

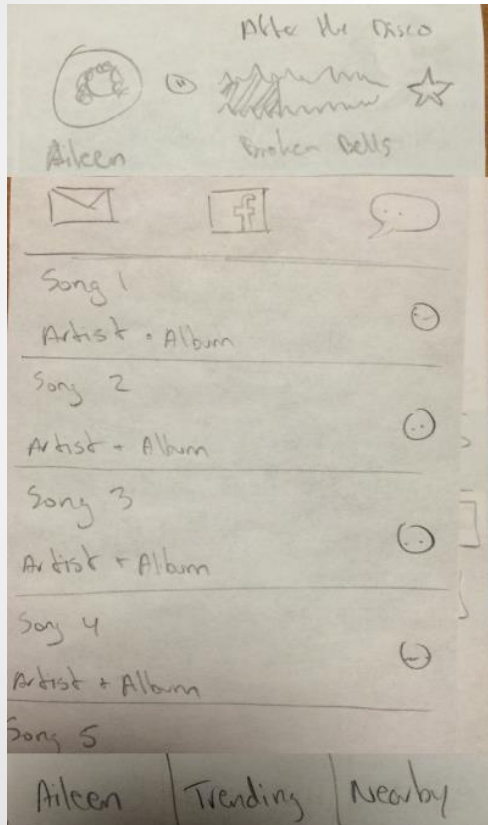

# USER PROFILE

- Simplified the interface to reflect simplified app usage
- Gives users more control

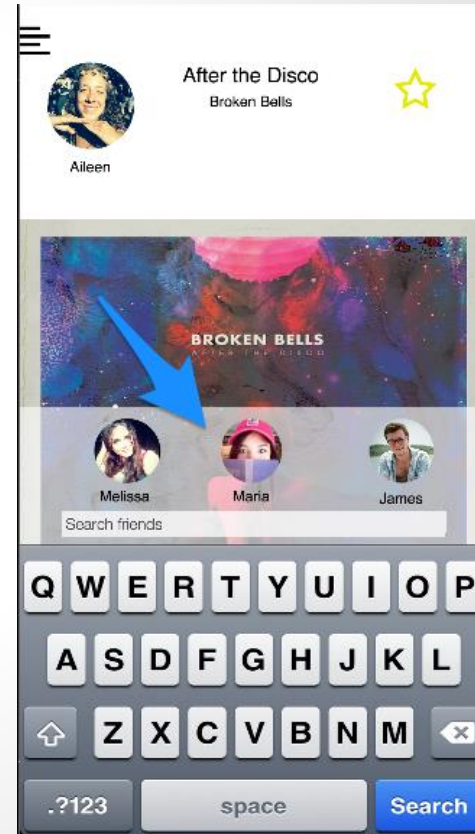

# FRIENDS PROFILE

# SEARCH

# INBOX

- Shown at start
- Accessible through menu

**DEMO**

# TOOLS USED

- Proto.io
- What worked:
  - Has a lot of features: animations, text fields, etc
- What didn't work:
  - Wasn't great for collaboration
  - Also, we can only use it for 10 more days

# CONCLUSION

- We incorporated the results from testing
- Merge is now a much more focused app
- Improvements can still be made to the UI
